

License types

SOFTWARE TRIAL VERSIONS

1. Users can download the trial version from the internet.
2. The trial version allows for a free 45 day evaluation of the complete feature set (except the editing of the material data base).
3. When the 45 day trial period expires, the user can keep using the software with some limitations on available features:
 - automated generation of Mortises and Tenons is locked down,
 - use of prototypes and assembly copying is locked down,
 - replacement of materials is locked down,
 - specifications of materials and assemblies are locked down,
 - drawings preparation is locked down,
 - CNC preparation is locked down.

Note: The trial version has its advanced modification with a trial period of more than 45 days. To get the latter version, the user must contact the software dealer to make individual arrangements.
